

# Real Life Percents Project

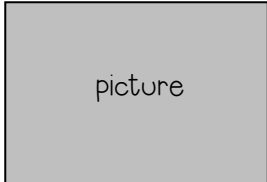

- Type an original word problem involving percents that relates to something in your life. (can use discount, markup, sales tax, percent of a number, etc.)
- Solve the problem, showing all of your work, and labeling your answer. Your work and answer should be either typed or written neatly underneath the problem.
- Your finished problem must include a creative title, your name, and a picture (either hand-drawn or computer-generated) that relates to it.

**\*\*Your title, name, and word problem must be typed! Your work and solution may either be typed or written neatly.\*\***

A breakdown of the 25 POSSIBLE POINTS for this project is listed below:

- Creative Title (2)
- Picture Relating to Problem (2)
- Real-World Problem (8)
- Problem is Solved Correctly with Work Shown (8)
- Answer is Labeled (1)
- Proper Spelling (2)
- Proper Grammar (2)

Your finished project should look something like this:

Creative Title	
your name	
<i>word problem</i> .....	
.....	
.....	
<i>work</i> .....	
.....	<i>solution</i>
	
picture
