

Name: _____ Date: _____

The Coordinate Plane: Find Someone Who...

For each question below, find a classmate with an ordered pair that meets the description. Write down their ordered pair and have them sign your paper. Plot all of the ordered pairs you found on the coordinate plane at the bottom of the page and label each one with the given letter. Label your ordered pair with a star.

My Ordered Pair:

	Ordered Pair	Signature
A) Point is in Quadrant 1		
B) Point is on the x-axis		
C) Same x-coordinate as my point		
D) Point is in Quadrant 2		
E) Same y-coordinate as my point		
F) Point is in Quadrant 3		
G) Point's x-coordinate is greater than its y-coordinate		
H) Point is on the y-axis		
I) Point in Quadrant 4
